My personal information

A first-year student at Zhejiang University, currently in the Advanced Honor Class of Engineering Education (ACEE), Chu Kochen Honors College. With a major in Information Engineering and a strong academic background from Hangzhou Foreign Languages School, I combine strong English communication skills with solid programming abilities in Python and C. I am experienced in data manipulation with DataFrames and data visualization using Matplotlib. When faced with unfamiliar topics, I am always willing to learn with humility and make the effort to understand them thoroughly.

Education

Zhejiang University, Information Engineering Sept 2024 –

- GPA: 4.85/5.00
- Rank: 1/312

Certifications

College English Test Band 4 (CET-4)

- Score: 671, awarded December 2024

Experiences

Class President, Class 2403 – Science Experimental Program (Biology, Environmental Science, Chemistry and Geosciences)

Initiator of Zhejiang University 2025 Winter Social Practice Project – Responsible for project proposal, team coordination, and execution planning.

Completed over 250 hours of volunteer service, contributing to various community-based projects and initiatives.
